

I. Launching the Waste News E-Business Suite for Buyers

A. Getting Started

Launching the Waste News E-Business Suite is easy:

1. The first step is to go to the Waste News website, <http://www.wastenews.com/>. You can type this URL directly into your browser address bar.
2. From the Waste News homepage, click on the "Waste News E-Business Suite" link. The E-Business Suite screen will appear with two options to log in as a user:

1. First time users registration:

Click on "First Time Users Registration". Complete all fields in the self-registration screen and press **Submit**. This process will create a your user ID and password.

2. Log in to E-Business Suite (registered users):

Enter your User ID and password and press **Login**.

3. Once you have registered, you can login to the Waste News E-Business Suite from your computer, or from anywhere with World Wide Web access. The Waste News E-Business Suite will recognize you through this unique login and give you access to all your personalized procurement features.

B. How to Get Technical Support:

Contact ENI-Net directly at 800-853-7130, or e-mail us at <mailto:info@eni-net.com>.
Your ENI contact is Rachel Ryder.

C. Optimal System Requirements

The Waste News E-Business Suite was developed to match the needs of vast operating environments. To ensure the best operating environment we suggest the following optimal computer settings:

Minimum Settings:

Microsoft Windows 95 or Mac OS 8;

Internet Explorer 4.0 or higher, or Netscape 6.2 or higher

Cookies Enabled to Medium Cookie Settings (required – default)

Display Resolution set to 800 x 600

Adobe Acrobat Reader 4.0

Suggested Settings:

Microsoft Windows 98/Me/2000/XP

Internet Explorer 5.0 or higher

Cookies Enabled to Medium Cookie Settings (required – default)

Display Properties set to 1024 x 768

Adobe Acrobat 4.0 or higher
